

Education Grant Application

We believe continuous education and gaining knowledge to help further credit union expertise is integral to the success of our members and the financial lives of those they serve. One person who truly understood this foundational credit union concept was our member education specialist, Kecia Brooks. Sadly, on December 26, 2020, Kecia passed away. As we continue to hold events, we hope to bring a piece of our dear Kecia to every single one of them.

That's why Vizo Financial created this KB Education Grant. The grant will be given to one credit union attendee for each of our annual conferences - the Risk Management Conference, Financial Conference and Payments Conference.

Through this grant, we hope to lend credit unions a helping hand to ensure they get the education they need to better their institutions, while also keeping Kecia's memory alive and allowing her desire to create unforgettable events for our members to shine through.

Thank you for applying for the KB Education Grant!

Grant Specifications:

- The grant will cover the **registration fee** to attend the event.
- Hotel stays, incidentals, travel, etc. are not included.
- There are no asset size requirements to qualify for the grant.
- Applicants must be employees of a Vizo Financial member credit union.
- Applicants must complete the entirety of this application to be considered for the grant.
- Applications may only be submitted for events within the current calendar year.
- Grant requests must be received at least 45 days prior to the event - look for grant deadlines listed on each of the conference event websites.
- Applicants will receive notification of a grant award decision thirty (30) business days before the selected conference.
