**Real-Time Payments Fraud and Cyber Risks are Coming to Vizo Financial's  
2024 Risk Management Conference in Hershey, Pa.!**

**Greensboro, N.C.** (February 13, 2024) – Vizo Financial is hosting a panel discussion with credit union experts, as well as sessions on real-time payments fraud, cyber risks and more at its 2024 Risk Management Conference at The Hotel Hershey in Hershey, Pa., on April 23-25, 2024. Credit unions are invited to join the Corporate for their biggest risk event of the year, featuring networking opportunities and educational sessions as presented by industry experts.

“The success of credit unions everywhere is our top priority, which is why it’s always our goal to invite leading organizations to present on the latest hot topics at our conferences. We know these sessions are going to be beneficial for credit unions to relate back to throughout the year,” said Jaime Agostino, VP of sales, marketing and education for Vizo Financial.

From a tabletop simulation to AI to finding your credit union’s risk IQ, Vizo Financial has a diverse range of topics and educational sessions planned, along with the chance to earn over 8 CPE credits and an opening reception/dinner event the night before the conference commences.

“As new advances emerge, so do potential risks,” said Lori Gall, SVP/chief risk officer for Vizo Financial. “Last year, we saw the launch of the FedNow® Service, the rise in the usage of AI and a whole host of fraud and cyber scheme attempts. That’s one of the reasons we find it so important for credit unions to stay up-to-date on risk-related education, and a great way for them to do that is to attend our Risk Management Conference. Our sessions are always top-notch, and this year’s lineup is one of our best. I know that credit unions will find them very valuable.”
